

# **Application for authorisation to operate a chauffeur punt from the larger landing stage in front of La Mimosa, Thompsons Lane, Cambridge**

*I have read the attached blank authorisation and the code of practice for operating a chauffeur punt from La Mimosa landing stage.* Yes  No

*While I applaud and support the city council's efforts in providing a station for independent operators I believe that the touting zone specified in the current code of practice negates the commercial viability of the station and furthermore is anti-competitive in nature. I am submitting an application to show my willingness to work from this station, but will only take a space provided that the specified touting zone is changed to allow reasonable and equitable access to the footfall on Quayside.*
